**46 YEARS OF EXCELLENCE...** Miami Children's Hospital is proud to present the 46th Annual Pediatric Postgraduate Course to be held Friday, March 4, 2011 through Thursday, March 10, 2011 at the InterContinental Miami Hotel, Miami, Florida.

Whether this is your first time attending or your 46th, you won't want to miss this opportunity to learn from leading experts in the field of pediatrics. A distinguished faculty will present state-of-the-art information in the prevention, pathophysiology and the latest developments in the diagnosis and treatment of the most prevalent pediatric and adolescent conditions.

### INNOVATION OF THE YEAR AWARD AND PRESENTATION:

Please be sure and attend the 5th Annual Innovation of the Year Award and Presentation, which will showcase the best scientific innovation of 2010 as chosen by the conference's Innovation of the Year Committee among the many industry entries.

### SCIENTIFIC PROGRAM HIGHLIGHTS:

Adolescent Medicine • Cardiology • Endocrinology • Infectious Diseases • Neonatology • Neurology • Neurosurgery • Orthopedics • Pediatric Surgery • Plastic Surgery • Preventive Medicine & Community Pediatrics • Pulmonology • Radiology.

### FEATURED LECTURES FOR THE 2011 GENERAL SESSION:

The **14th Annual Donald H. Altman, MD Lectureship**, named after the course founder, will provide an informative update on Pediatric Radiology.

The **11th Annual D. Ralph Millard, MD Lectureship**, presented by S. Anthony Wolfe, MD, will deal with Pediatric Plastic Surgery.

You won't want to miss other highlights of our program such as the live satellite transmission of an interventional cardiology case, direct from the Operating Room at Miami Children's Hospital. Additionally, we have formulated the program in "tracks" that are of relevance to the practicing pediatrician.

We will continue to bring you the 3-day Pediatric Board Review Course – now in its 14th year. Come join us Friday through Sunday, March 4-6, 2011, for this comprehensive review for pediatricians who are preparing for the American Board of Pediatrics certification or recertification examination. As part of the Pediatric Board Review Course, we are again privileged to have Basil J. Zitelli, MD, Editor-in-Chief of the **Atlas of Pediatric Physical Diagnosis**, present the "Marathon in Visual Diagnosis".

We hope you decide to join us in Miami for the 2011 conference and are confident that we will surpass your educational goals.

# Program At-A-Glance

## The Accreditation Statement

The Miami Children's Hospital is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## Designation Statement

The Miami Children's Hospital designates this live activity for a maximum of 55 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

## Faculty/Planner Disclosure Policy

In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support, all planners, teachers, and authors involved in the development of CME content are required to disclose to the accredited provider their relevant financial relationships. Relevant financial relationships will be disclosed to the activity audience.

## Faculty Disclosure/Conflict of Interest Resolution Statement

The "Conflict of Interest Disclosure Policy" of Miami Children's Hospital requires that faculty participating in any CME activity disclose to the audience any relationship(s) with a pharmaceutical or equipment company. Miami Children's Hospital has implemented the following strategies to resolve conflicts of interest:

- A disclosure slide is presented before each speaker lecture.
- Each speaker lecture was reviewed for potential conflicts of interest.
- The content of each speaker lecture was ensured to be non-biased and free from marketing and/or promotion of products or services.
- Speakers were instructed to provide a balanced view of therapeutic options and use only generic names when possible.
- Speakers were instructed to support presentation and clinical recommendations with the "best available evidence" from medical literature.
- Disclosures will also be announced by the moderator verbally to the participants.

Any presenter whose conflict can not be resolved will not be permitted to present. Miami Children's Hospital also requires that faculty participating in any CME activity disclose to the audience when discussing any unlabeled or investigational use of any commercial product or device not yet approved for use in the United States.

## Learning Objectives

This course presents new, pediatric state-of-the-art knowledge on topics relevant to the practice of pediatrics. It will synthesize for the practicing pediatrician knowledge of Adolescent Medicine, Allergy & Immunology, Cardiology, Dermatology, Endocrinology, Gastroenterology, Infectious Diseases, Neonatology, Nephrology, Neurology, Neurosurgery, Otolaryngology, Pediatric Surgery, Plastic Surgery, Preventive Medicine/Community Pediatrics, Pulmonology, Radiology, Rheumatology and other childhood conditions. It will improve skills in patient management in the outpatient and hospitalized setting. Upon completion of the program, the participant should be able to:

- Recognize new state-of-the-art knowledge in pediatric care;
- Enhance and advance knowledge in different pediatric subspecialties;
- Apply these newly acquired skills to the management of various childhood diseases.

## Target Audience

This activity has been designed to meet the educational needs of physicians and other health care professionals who wish to learn more about new, pediatric state-of-the-art knowledge and topics relevant to the practice of pediatrics.

## Americans with Disabilities Act

Miami Children's Hospital fully complies with the requirements of the ADA and with the rules and regulations thereof. If any participant of the 46th Annual Miami Children's Hospital Pediatric Postgraduate Course, "Perspectives in Pediatrics" is in need of special accommodations, please contact the course registrar at 305-662-8357 by February 1, 2011.

## About Miami Children's Hospital
